

Whole Life Participating (WLP)

Participating Account & Dividend History

Participating Fund Information

Applicable to WLP Pay to Age 100 & WLP 20-Pay Plans.

How are Dividend Rates Calculated?

The dividends paid will depend on future levels of investment earnings, mortality, taxes, expenses and other factors. The gain or loss is the difference between the current dividend experience factors versus original pricing assumptions for the plan. Dividends are not guaranteed.

Surplus

- Investment Earnings/Interest
- Taxes
- Mortality
- Expenses
- Other factors

Dividend Scale History

Our current Dividend Scale Interest Rate is at 4.75%.

Effective Date	Dividend Scale Interest Rate*
